

INVITATION TO CAMPAIGN LAUNCH EVENT

As the UN celebrates its 75th anniversary in 2020 under the theme “The Future We Want, the UN We Need: Reaffirming Our Collective Commitment to Multilateralism”, it’s time to give people a direct voice in its affairs. The instrument of a UN World Citizens’ Initiative (UNWCI) will enable citizens to put forward proposals on key issues of concern for discussion at the UN General Assembly. A UNWCI will allow global citizens to have more impact and empowerment in a world faced with growing dilemmas that require global cooperation of both states and citizens alike.

Be part of our campaign and join the official campaign launch!
